## FIVE VALEDICTORIANS COME TO NEWARK CAMPUS

Like last year, five valedictorians have enrolled at Newark Campus to begin their college education. Each of these highest-ranking students of their classes spoke at their high-school commencement. They are Richard F. Hayden and Richard E. Lake from Licking Valley High School, Shirley Ann Hommon from Lakewood High School, Roberta E. Ratcliff from West Muskingum High School (Muskingum County), and Shirley L. Scheidegger from Millersport High School (Fairfield County).

by Al Zellner

Miss Judy Dove, the daughter of Mr. and Mrs. Paul F. Dove, has been chosen to represent 4-H Clubs of the state of Ohio in the Foods and Nutrition category at the annual 4-H Club Congress in Chicago, December 1-5.

Sophomore Judy was chosen because of the exceptional quality and excellent constitution of the National Report she submitted. Judy has participated in 4-H for more than nine years, and at present is secretary of the Newark Campus 4-H Club. Through her personal effort, this past summer she earned numerous awards at the Hartford Fair. She won two A's for her sheep, a superior in food preservation, and an A for bread she

## Thirty Instructors Will Constitute Teaching Staff For Autumn Quarter

## THE ORACLE

Five issues of *The Oracle* are published per quarter. Students receive the paper free of charge.

Al Zellner, Editor

John Hill, Photographer

Gordon R. Kingery, Adviser

Staff members working on this issue are Mitchell Finney, Richard Hayden, and Larry Linter. Michael Predieri has also joined the staff. Specific positions to be filled by each staff member will be announced in the masthead of the next issue.

## Welcome Frosh and Oldsters

The Oracle Staff takes this opportunity to extend a warm welcome to all of our readers, old and new alike, who follow our journalistic endeavors.

During the past few years, the staff has strived to maintain high standards in their presentation of the news. We will continue this practice. Any event that is fit to print, whether controversial or otherwise, will be published if possible.

Also to continue successfully as a public servant, we need to know your opinions. We will gladly accept and publish any editorials or newsworthy articles (accompanied by your name and address) you wish to submit.

## The Administration Greet's You

A new era is at hand and you have the opportunity to be a part of this major milestone in the history of higher education at The Ohio State University Newark Campus. For the first time in twelve years you will have a facility of your own with which to identify and in which to study, learn and play.

Daytime classes represent a significant change in the schedule from the past. This presents a challenge for some and a way of life for others in the ultimate goal of obtaining an education. New student programs and activities are also being featured for the year making the Newark Campus one of the most progressive regional campuses in the State of Ohio.

Welcome and best wishes for the academic year ahead.

—John C. Armstrong

### NOTICE

All students must present their fee cards and schedule cards to each instructor at the first meeting of each class. If a student does not have his fee card, he should either go to the administration building—or office, provided autumn quarter begins in the new building—to pick it up or, in case he does not, for some reason, have it as yet, get a document from Mr. Armstrong that he is to be allowed to enter class. Past experience has taught that if a person had not included a stamped self-addressed envelope with his fee when he forwarded it to Columbus, he had to acquire the card at the Newark Campus office. In case of a late fee card, a students must present it to each instructor as soon as he receives it.

This procedure is quite important this year in case classes necessarily begin in facilities other than the new academic building. Students are urged to watch the bulletin board in "The Barn" and to take special note of all announcements by instructors and other school officials.

## Morris Announces Circle K Plans

by Larry Linter

Dennis Morris, president of Circle K has announced several projects to be carried out. Foremost among their plans is the organizing of the K-ettes, an auxiliary of the Circle K. Any girls interested in joining should see Dennis.

Morris has also announced that the Student Directory will go on sale October 14. The club also plans a service project for the community—a safety check by the Highway Patrol. Its location will be announced later. The group also hopes to sell theater discount tickets.

On October 19, Circle K will move library books from the "Milk Barn" to the ramp of the new building. One year ago this group collected magazine gifts for the campus library.

## Ken Secrest To Head New Fraternity

Plans are being advanced to start a chapter of Alpha Phi Omega Fraternity on the Newark Campus. All interested men may register at orientation day, or at the first meeting scheduled for October 3, at 1:00 P.M., or contact Ken Secrest at his home (phone 344-4914).

Eagle Scout Ken Secrest, and Mr. James Bradley, in cooperation with Assistant Director John C. Armstrong, are spearheading the organization of this fraternity. Alpha Phi Omega is a national service fraternity whose main goals are service, leadership, and friendship. Its purpose is to inculcate among college men the fellowship as manifested by the Boy Scouts of America. The organization is affiliated with the Boy Scouts.

Ken, who has been accumulating material and experience necessary to undertake this project said that the new organization

wants at least twenty interested male students, a number needed before the chapter can be recognized by the National Office and then be able to apply for a charter.

"This is not a social fraternity, although it will have social activities—its prime concern is service not only to ourselves, but to the campus and community also," Ken asserted.

## Seven Intramural Sports Planned for Coming Year by Finney and Hayden

There will be a full schedule of intramural sports this year. These are the sports available: basketball, bowling, wrestling, golf, tennis, softball, and perhaps soccer.

The top six teams will score points: Six points for first place, five points for second place, and so on. Mr. Armstrong is the man to see about scheduling games for any of these activities.

speaking on the humorous aspects of psychiatry; Marilyn Van Derbur, past Miss America, speaking on the responsibility of today's youth; Thatcher Longstreth, Mayor of Philadelphia; and Jackie Vernon, famed comedian.

## New Sport For The New Year

by Mitch Finney and Dick Hayden

A soccer team will be formed during the fall quarter with at least six scheduled games. Anyone interested in playing should contact Mr. Armstrong at his office on Wright Street.

There will be no track team unless enough people show interest in participating. Again, interested persons should contact Mr. Armstrong and leave their names with him.

If anyone is interested in forming teams for any other sport, he should see Mr. Armstrong at the Wright Street office.

To be eligible to participate in athletics, a student must be carrying at least 12 hours per quarter.

**Phi Sigma**—from page 1.  
mum average of 3.10 for the two quarters, having carried not less than a total of 24 credit hours for the two quarters and not less than 10 credit hours in either quarter.

Each spring a recognition banquet will be held for those students who have met the above requirements and also for other Phi Sigma members who may wish to attend, Phi Sigma membership being lifetime. At the annual banquet, every member will be presented with a gold medallion which will become his personal possession.

Phi Sigma currently has forty-one members and will undoubtedly increase its membership in future years.
